Members Seeking Employment!

Please join us on **Tuesday evening April 14th at 6pm for the Career Fair!** We will have an opportunity for students and other career-seekers to explore employment opportunities, get career advice, and network with professionals. Employers from all walks of entomology (e.g., Academia, Federal, State, Industry, Extension, and more) will be available for discussion and networking.

A brief CV Workshop will start at 6:30 for those interested in learning about CV formatting, content, and etiquette. Please bring your CVs to post on the CV Board for employers to read. All attendees will be entered in a raffle for prizes!

Appetizers and a cash bar will be available at the event.

If you have any ideas or suggestions, contact student organizers Alix Whitener (alix.crilly@email.wsu.edu) and Danny Klittich (dsklittich@ucdavis.edu).
