ESA Ad Retargeting

We are offering you ... An Advertising Opportunity With Digital Ad Retargeting

Ever look at a pair of shoes online, or a potential vacation spot, and then for the next couple weeks you notice that ads for those same shoes or vacation spot seem to be following you around the internet? That’s ad retargeting. Retargeting uses cookies to track visitors of one website and then reach those same visitors with ads on other websites.

ESA’s audience becomes your audience with ad retargeting. Get exclusive direct access to ESA website visitors and retarget them with your company’s ads that will showcase your brand, anywhere they visit online.

Receive detailed reports that allow you to see your campaign results in real-time including impressions, clicks, and geographical locations of ads served.

HERE’S HOW IT WORKS:

<table>
<thead>
<tr>
<th>Step 1</th>
<th>Step 2</th>
<th>Step 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>An internet user visits our website</td>
<td>The user exits the website</td>
<td>Your ad will be displayed on other websites the user visits</td>
</tr>
</tbody>
</table>

Your ads will appear on multiple major websites and mobile apps, following the ESA audience wherever they go.

ESA SURVEY RESPONDENT

ESA is ... “An organization for insect and arthropod lovers to learn about exciting new discoveries and innovative tools in the field.”
ESA is “the preeminent scientific society for entomologists. [The society] incorporates a diverse group of scientists from industry and academia working in all branches of science using insects and arachnids.”

ESA Career Center

Place your ad front and center with individuals who are searching for job postings.

The Career Center is the second most visited page on the ESA site, averaging more than 5,000 unique visitors and 22,000 unique pageviews per month.

Leaderboard-style ads are available at the top and bottom of the page, and skyscraper ads can be placed on the right or left. The Career Center also offers a variety of branding options, including the ability to create a “brand profile page” that serves as a microsite where employers can post additional items, such as promotional videos.

Visitors to the Career Center spend more than one minute on each page—meaning your ads have ample time to be viewed.

Ad Specifications: PNG, GIF or JPEG format. Animations or Flash files are not accepted.
American Entomologist magazine

American Entomologist — the society’s flagship magazine — provides an engaging, cover-to-cover reading experience.

The magazine’s colorful, award-winning design attracts readers at all career stages but has particularly high readership among students and early career professionals. Available in both print and online editions, American Entomologist is distributed to ESA’s 7,000+ members as well as online readers from around the world.

American Entomologist is a colorful quarterly magazine that covers the broad and fascinating world of insects.

Following its award-winning 2019 redesign, the magazine is seeing re-energized engagement from members and nonmembers alike. **Print circulation increased 7% and online visits increased 27% in 2020.** Feature articles deal with all aspects of entomology, including insect traps, entomology education, invasive species, diversity among scientists, and pollinator conservation.

See page 5 for sizes and rates.

PRINT CIRCULATION: 5,540 (2020)  
ONLINE VISITS WITH CONTENT ENGAGEMENT: 22,508 (per month avg.)

**ESA Partners With CDC for Internship, Fellowship Program**

ESA has launched the Public Health Entomology for All—Internship and fellowship program for students and recent graduates from minority-serving institutions (MSIs). In partnership with the U.S. Centers for Disease Control and Prevention, ESA will offer internships to six MSI undergraduate students for the summer of 2023. In addition, ESA and CDC will offer two 13-month fellowships to recent graduates of MSI. The programs aim to address the intersection of entomology, vector borne disease, and health equity. Learn more about the [Public Health Entomology for All](https://www.entsoc.org). 

**New Collection: Honey Bee Research in the United States**

A new collection of papers investigating fundamental and applied aspects of honey bee biology is now available from the Journal of Heredity Science. This is part 1 of a two-part collection in collaboration with the American Association of Professional Apiculturists. Read the collection.

**The Certified IPM Technician: New Entry-Level Pest Control Credential**

Designed for professionals with less than five years experience in pest management, the Certified IPM Technician (CIT) credential demonstrates a foundational skill set and commitment to the principles and practices of integrated pest management (IPM). Applications for the credential are now being accepted. Learn more.

Exhibitors

The Entomological Society of America will hold Entomology 2023 November 5-8 in National Harbor, MD; just miles from Washington DC.

Join more than 3,300 attendees for one of the premier meetings of professionals who study insects—including researchers, teachers, extension service personnel, research technicians, administrators, marketing representatives, consultants, pest management professionals, students, and hobbyists.

This is your exclusive opportunity to connect with key buyers of products and services for the entomological sciences.

ESA’s Exhibit Hall—the heart of the annual meeting, offers traffic-building events such as:

- the not-to-be-missed Welcome Reception—attended by 85% of attendees
- scientific posters—rotating daily
- club tables—attracting students from leading universities
- and much more!

To pursue one or more of these options, contact Cindy Myers at cmyers@entsoc.org or (301) 731-4535, ext. 3001.
