Scientific Position: Biological Science Technician (Entomology)
Salary Range: $43,251 to $68,777 per year

Announcement opens: 07/27/2020  closes: 08/07/2020

The incumbent will serve as a Biological Science Technician with the USDA, Agricultural Research Service (ARS), Southern Insect Management Research Unit in Stoneville, MS. The incumbent is to assist in conducting search in the area of insect pest management and behavioral and chemical ecology of arthropod pests of row crops with primary emphasis on developing effective monitoring technologies and management tools that result in reductions in insecticide inputs and ultimately lead to more ecologically sustainable protection and production methods. This is a competitive, permanent appointment and U.S. citizenship is required.
